

MARKET REPORT

9/4/2018

Rains brought the crowd today here at CLM. Excellent turnout of cattle and buyers both and the market for our sellers was impressive! Still some interest from northern farmer feeders in market and the board performed for us today as well. Pairs were sold to a strong crowd and the bawling calves were the majority of the lighter cattle today. Thank you to our customers, CLM is growing and we are proud to work for all of you! - Dakota Davis
